TOL-0015 - Stone details

Green and yellow flashes, warm orange and red accents, and blue-violet color shift across this 1.68 ct Coober Pedy opal triangle. The rounded triangular outline follows the stone's multicolor display.

Coober Pedy precious opal. Translucent.

Weight and measurements

Recorded weight: 1.68 ct. Approx. 11 x 8 x 3 mm (length x width x thickness), read from caliper photographs and rounded to whole millimeters. Have a jeweler measure the actual stone before making a setting.

Condition

A fine hairline crack is difficult to see with the naked eye; the cutter reports it is stable.

Purchase and cutting history

The rough was purchased at the Kino gem show in Tucson from a vendor who reported owning a Coober Pedy mine, then cut by The Opal Ledger. These are our firsthand purchase and cutting declarations. No laboratory report accompanies the stone.

Viewing record

Photographs and silent video show this exact stone. Color changes with light, viewing angle, camera and display. Loose stone only.
